

The Reflective Tape You Choose Matters

Choose Avery Dennison® for superior reflectivity, ease of application and durable performance in real life

V-6790

Conspicuity Tape for Flexible Surfaces

The details matter

Conspicuity tape for flexible surfaces from Avery Dennison® has been reengineered to adhere to the uneven, non-fixed contours of PVC curtain-sided vehicles even better than before. Our superior reflectivity helps ensure these trucks are clearly visible, improving nighttime safety for everyone on the road.

V-6790

Conspicuity Tape for Flexible Surfaces

Flexible

Flexible construction

Conspicuity tape for flexible surfaces adheres securely to curtains, allowing it to withstand the typical rolling and unrolling experience. Save time and money, reducing the need for reapplication.

Adhesion/Segmented

Improved adhesion

Conspicuity tape for flexible surfaces has a specifically engineered adhesive, designed for superior adhesion to challenging curtain surfaces.

Segmented squares

Avery Dennison® conspicuity tape for flexible surfaces is designed with individual squares of tape rather than a continuous strip of tape. Segmented square construction stands up to everyday folding and flexing of curtains.

Solid construction

The solid construction of Avery Dennison® ensures lasting reflectivity and tape integrity; does not require edge sealing. Air celled construction is more easily damaged, allowing cells to fill with dirt and water and lose reflectivity.

Product availability

Product	Durability	Certification Mark	Color	Width mm	Length m	Product Code
V-6790	3 years	ECE-104	White	50.8	50	BB7030001
V-6791	3 years	ECE-104	Yellow	50.8	50	BB7020001
V-6792	3 years	ECE-104	Red	50.8	50	BB6980001
